POLICY

1. School profile

We are a small rural school committed to 'Providing Little Kids with Big Futures.' We are located within the heritage-listed Wandiligong Valley, six kilometres from Bright in North East Victoria. The school promotes and values high standards in student outcomes, staff accessibility, attainment of individual potential, positive self-esteem, respect for others and responsibility for learning in a safe, challenging and caring environment.

Over time the school has developed a solid reputation of being able to manage and cater for a variety of highly individual children. We strive to teach, value and celebrate the uniqueness and differences of each individual. Respect is integral to the school culture and therefore central to all other values. We are involved in a range of interschool activities and interact with the other schools in the Alpine cluster on a regular basis.

The overall school's socio-economic profile is based on the school's Student Family Occupation and Education index (SFOE) which takes into account parents' occupations and education. This school's socio-economic band value is assessed as Medium.

Our students are adaptive, creative, confident and have highly developed social skills. Our small school environment means that students from a variety of year levels play together and support each other. In this environment, students become expert negotiators and develop their assertiveness, all while being encouraged and supported by older students and the teachers.

2. School values, philosophy and vision

Philosophy

Our school philosophy is reflected in our vision, mission and values. This philosophy is enacted daily by the actions of our staff, students and community. It is reflected in our plans for the future, our school documentation and our policies. Our teaching and learning programs are guided by our philosophy and students experience an environment in which all actions are guided by the question *"Is this aligned with our vision, values and beliefs and is it in the best interests of our students?"* Our personalised learning environment challenges and nurtures students whilst being inclusive to all members of our community.

Vision

To develop confident, inquisitive children who exhibit empathy and understanding and are prepared for future success.

Our Values – The Wandil Way

- Respect - For self, for others, for the environment and community
- Responsibility – For ourselves & our community through all our actions
- Resilience - To rise above challenges

3. Wellbeing and engagement strategies
